## **Publications**

---

- Under review Sandro Luh, Sara Budinis, Sara Giarola, Thomas J. Schmidt and Adam Hawkes. Long-term Development of the Industrial Sector – Case Study about Electrification, Fuel Switching, and CCS in the USA. *Computers & Chemical Engineering*
- 06.2018 Sandro Luh, Sara Budinis, Thomas J. Schmidt and Adam Hawkes. Decarbonisation of the Industrial Sector by means of Fuel Switching, Electrification and CCS. *Proceedings of the 28th European Symposium on Computer Aided Process Engineering – Computer-Aided Chemical Engineering Vol. 43, 1311-1316*. Edited by: Anton Friedl, Jiří J. Klemeš, Stefan Radl, Petar S. Varbanov, and Thomas Wallek. Published by: Elsevier B. V., Amsterdam, 2018.

## **Conference Presentations**

---

- 06.2018 **Oral Presentation, 28<sup>th</sup> European Symposium on Computer Aided Process Engineering (ESCAPE 28)**  
*Graz, Austria*
- Title: “Decarbonisation of the Industrial Sector by means of Fuel Switching, Electrification and CCS”
  - Authors: Sandro Luh, Sara Budinis, Thomas J. Schmidt and Adam Hawkes
